Notes

- The above results have been reviewed by the Audit Committee and approved by the Board of Directors at its meeting held on May 30, 2014. The Statutory Auditors of the Company have carried out an audit of the above results for the quarter and year ended March 31, 2014.
- restructuring of FCCBs. The Company is also taking various other steps to reduce costs, improve efficiencies to make its operations profitable and to arrange sufficient funds for its operations. Pending the final outcome of restructuring, though there exists material uncertainty, these consolidated results have been prepared on the basis that the Company will continue as a going concern and The Company defaulted in repayment of amounts aggregating approximately USD 209 million (Rs.1,250.44 crores) in respect of its unsecured FCCBs which were due in October 2012 ("October 2012") 2016 FCCB holders. The Trustees for the 2014 and 2016 FCCB holders have not issued any acceleration notice in respect of the 2014 and 2016 FCCBs and accordingly USD 175 million (Rs. 1,048.51 FCCBs"). This default triggers a cross default under the Company's other existing unsecured FCCBs aggregating USD 90 million (Rs. 539.24 crores) and USD 175 million (Rs. 1,048.51 crores), (which otherwise fall due in 2014 and 2016, respectively) (the "2014 and 2016 FCCBs") and accordingly these trigger acceleration of payments, if demanded by a specified proportion of the 2014 and / or crores) has been classified as non-current liability. The Company also has overdue amounts payable to creditors and certain lenders as at March 31, 2014. The Company is in the process of no adjustments have been made to the carrying values or classification of assets and liabilities. The auditors have given an Emphasis of Matter on the same.

- The Indian Wind Energy Association ("InWEA") of which the Group is a member has filed a civil appeal in the Supreme Court against an order of the Appellate Tribunal for Electricity in regard to levy of Infrastructure Development Charges ("IDC") by Tamil Nadu State Electricity Board, and the matter is pending the hearing of the Supreme Court. The Group has obtained a legal opinion which states that InWEA / the Group has a strong case. The amount under dispute as at March 31, 2014 aggregates to Rs.64.80 crores.
- provisions of the Master Circular on Corporate Debt Restructuring issued by the Reserve Bank of India, give a right to the CDR Lenders to get a recompense of their walvers and sacrifices made as part of the CDR Proposal. The recompense payable by the Company is contingent on various factors including improved performance of the Company and many other conditions, the outcome of which currently is materially uncertain and hence the proportionate amount payable as recompense has been treated as a contingent liability. The aggregate value of the outstanding sacrifice made by The Company and its certain specified subsidiaries (collectively the "Group") and the CDR Lenders executed a Master Restructuring Agreement ("MRA") during previous year. The MRA as well as the CDR Lenders upto March 31, 2014 as per the MRA is approximately Rs.281.93 crores for the Company and Rs.365.33 crores for the Group. ئ
- One of the subsidiaries of the Company is required to comply with the provisions of Rule 53 of Special Economic Zones Rules, 2006 ("SEZ Rules"), which requires it to achieve positive Net Foreign Exchange ("NFE") during the year ending March 31, 2014.
